Healthymouth™ will not be sold OTC, through online pet stores or through discount veterinary suppliers. Currently available through company website only to meet customer needs where not yet available through their veterinarian's office. Now look at the ingredients. Which would you rather drink every day?

## healthymouth dog::ESSENTIAL ingredients

Purified water, organic glycerine, organic pomegranate, organic yucca extract, zinc gluconate, organic blueberry, natural xanthan gum, organic papain (papaya extract), riboflavin (VitB2), ascorbic acid (VitC) organic clove extract, organic cinnamon extract, chlorophyll, sorbic acid (natural preservative from mountain berries). (cat::ESSENTIAL also contains taurine and mercury-free salmon oil as a source of omega 3). The dog and cat gel formulations also contain sodium bicarbonate, sorbitol and extra glycerin to take the concentrate from a liquid to a gel form. The sprays are very similar to the water additive with a bit more xanthan gum.

## AquaDent ingredients

Purified water, glycerine, xylitol, polysorbate 20, potassium sorbate, emulgase (enzyme), zinc gluconate, sodium benzoate, FD&C Blue #1, FD&C Yellow #5, chlorhexidine gluconate.

## BreathaLyser Plus ingredients

Purified water, glycerine, xylitol, polysorbate 20, potassium sorbate, emulgase (enzyme), zinc gluconate, sodium benzoate, FD&C Blue No. 1 and chlorhexidine gluconate

## Biotene ingredients

Glycerine, sorbitol, purified water, propylene glycol, potassium sorbate, rosemary extract, sodium chloride, zinc gluconate, lysozyme, lactoferrin, lactoperoxidase, glucose oxidase, potassium thiocyanate, mutanase, dextranase.

## Oxyfresh ingredients

Deionized water, Oxygene®(stabilized chlorine dioxide), zinc acetate, sodium citrate, chlorophyllin-copper complex, sodium benzoate, sodium hydroxide, citric acid

## Clenz-a-Dent ingredients

Purified water, glycerin, sorbitol, propylene glycol, rheum palmatum (source of RF2), methyparaben, sodium saccharinate, propylparaben, colouring

## DentaTabs

Sodium Bicarbonate, Malic Acid, Sodium Carbonate, Sorbitol, Carbowax, Cetyl Pyridinium Chloride and Sodium Saccharin.

## Leba III

Mints (latin name Lamiaceae) and Roses (latin name Rosaceae) in trace elements (small amount), stabilized in Ethyl alcohol 25% & distilled water
